DOROTHY GOWDY  
CARMEN PEREZ

## General Information

The Newark Community Center of the Arts is a non-profit educational institution offering instruction by a professional staff in the fields of music, dance and drama at the lowest possible cost. Children and adults come to the Center from all parts of Newark and neighboring communities. Training may lead to a professional career or increased awareness and enjoyment of the performing arts.

### Counseling

The directors welcome personal interviews with any student or parent who wishes special information or advice about financial assistance for lessons, choice of instrument, or any other problem connected with the student's work at the Center. Pupils are particularly urged to seek the Center's advice before purchasing instruments.

### Attendance

All lessons must be paid for, **including missed lessons**. Paid lessons missed because of teachers absence will be credited to the next week's lesson. **The Center must be notified of absence prior to lesson time.** If two lessons in succession have been missed without satisfactory notice, or a pattern of absence is evident, or if payment is in arrears for more than two lessons, the student will be dismissed. Readmission will necessitate payment of a \$10.00 penalty fee. In the event the teacher is absent, pupils will be notified whenever possible.

### Concerts

All students will be responsible to appear in school concerts as assigned by their teachers and to participate in official school programs outside of the Center. Participation in programs is considered an important part of the student's training

### Financial Assistance

Limited financial assistance is available to students who are either on welfare, medicaid or medicaid, or whose family income is less than predetermined State and Federal guidelines. Proof of need is required. Good attendance and satisfactory progress are necessary to maintain scholarships.

For students who excel, scholarships are available for extended lesson time upon written recommendation of the teacher and audition.

Students on financial assistance or scholarships may be called upon to assist in minor duties at the Center from time to time. The student must respond willingly at the time of such requests.

## Tuition and Courses

Lesson payment for the first week and last two weeks of the school year is required at time of registration. All music students must take a theory or solfege class.

---

**Registration Fee** (per family) .....**10.00**
